

GREATER LONG ISLAND RUNNING CLUB

HIGH SCHOOL TRACK & FIELD/CROSS COUNTRY *GRANT PROGRAM*

The Greater Long Island Running Club will be awarding one or more grants in the amount of \$5000 to a selected high school track & field/cross country program or programs. Any high school in either Nassau or Suffolk County is eligible to be awarded a grant.

The grant must be used to help subsidize the high school program in ways such as purchasing new equipment, paying for travel costs to competitions, for shoes/uniform accessories, or in any other way that will have a direct positive impact on the program.

Selection of the winning high school program or programs will be based on a combination of factors, including the need of the school, the purpose for which the grant would be used, the benefit to the program and the student/athletes who are part of the program, and the benefit to the community of which the high school is a part.

Your School is cordially invited to submit your proposal for the grant on the enclosed form. Feel free to add additional pages as you see necessary. To be considered your proposal must be received at our office on or before May 1, 2017.

Please submit your proposal to Greater Long Island Running Club, Attn: High School Grant Program, 101 Dupont Street, Suite 24, Plainview, New York 11803, or email your proposal to *glirc.org* with Grant Proposal as the Subject.

If you have any questions, please call Mike or Linda at the GLIRC office at (516) 349-7646.

GRANT APPLICATION

Name of High School Applying for the Grant:

Athletic Director or Coach Submitting this Application:

Phone Number:
